### **SUMMARY**

Software Engineer with a strong background in designing, developing, and maintaining high-quality software solutions.

Proficient in multiple programming languages and technologies with a focus on performance and scalability.

Known for delivering clean, efficient code and contributing effectively to collaborative development environments.

### **PROJECTS**

### **Pneumonia Detection Using machine Learning**

- Developed a convolutional neural network (CNN) model to accurately detect pneumonia from chest X-ray images, achieving over 90% classification accuracy.
- Preprocessed and augmented a dataset of over 5,000 chest X-rays to enhance model robustness and reduce overfitting.
- Deployed the model using a Flask-based web interface for real-time pneumonia prediction and visualization of diagnostic heatmaps.

# **Secure Image Communication using Steganography**

- Designed and implemented an image steganography system to conceal one image within another for secure visual data transmission.
- Utilized spatial domain techniques in Python to embed and extract hidden images with high fidelity and minimal distortion.
- Focused on data security and image quality, ensuring imperceptibility and robustness against basic steganalysis methods.

# **EDUCATION**

# **Bachelor of Engineering**

Minor in Information Science and Engineering • Sai Vidya Institute of Technology, Bengaluru • 2026 • 9.00 CGPA

#### 12th

Minor in PCMB • Vagdevi PU College • Thirthahalli, Shimogga • 2022 • 97.50 %

#### 10th

Jnanavahini English Medium High School • Koppa, Chikkamagaluru • 2020 • 95.84 %

# **SKILLS**

# **Technical Skills**

Programing Languages: Java, JavaScript, SQL

Web Technologies: HTML, CSS, React.js, Node.js, Restful APIs

Frameworks and Libraries: Spring Boot, Maven

Databases: MySQL, MongoDB

Tools and Platforms: Git, GitHub, Eclipse, VS Code

Core Concepts: Object-Oriented Programming(OOP), Data Structures and Algorithms(DSA)

### **Additional Skills**

• Communication skills

- Ability to work under pressure, manage multiple tasks, and meet deadlines.
- Quick learner with a passion for improving service efficiency and optimizing processes.

Languages Known: English, Hindi, Kannada
